The attached is to alert OGC to a projected television monitoring effort on U.S. soil. Based on previous OGC advice, it is probable that procedures will have to be worked out to be consistent with electronic surveillance restrictions.

THROUGH:

Deputy Director for Science and Technology

ATTENTION:

FROM:

Director, Foreign Broadcast Information Service

SUBJECT:

Monitoring of Foreign Television at Langley

1. FBIS has been tasked to devise a system for live monitoring of foreign television at Agency headquarters. This is in response to DI requirements.

2. Based on your previous legal opinions, I assume there are no legal obstacles to FBIS doing this, provided certain control procedures are followed. We should be able to tell you by 1 February what our plan for operations will consist of.
